Declaration of Patrick Collins

Before the
FEDERAL COMMUNICATIONS COMMISSION
Washington, D.C 20554

In the Matter of:

Century-TCI California, L.P

Order Setting Basic Service Rates

Los Angeles, CA (CA0253, CA1194)

File No. _____

**DECLARATION OF PATRICK COLLINS
IN SUPPORT OF
OPPOSITION OF THE CITY OF LOS ANGELES, CALIFORNIA
TO ADELPHIA'S APPEAL OF LOCAL RATE ORDER**

I, Patrick Collins, declare as follows:

1. I submit this declaration in support of the Opposition ("Opposition") submitted by the City of Los Angeles (the "City") in the above-captioned matter. I am fully competent to testify to the facts set forth herein, and if called as a witness, I would testify to them.

2. I am a Financial Analyst for the City's Information Technology Agency. Among other duties, I conduct the staff review and analysis of all cable rate filings for the City.

3. I have reviewed the City's Opposition and am familiar with the contents thereof and the matters referred to therein insofar as they relate to the City's review of Adelphia's 2002 Rate Filings.

This declaration was executed on July 10, 2003, at Los Angeles, California.

A handwritten signature in black ink, appearing to read "Patrick Collins", written over a horizontal line.

FEDERAL COMMUNICATIONS COMMISSION
Washington, D.C. 20554

In the Matter of:

Century-TCI California, L.P.

Order Setting Basic Service Rates

Los Angeles, CA (CA0253, CA1194)

File No. _____

**DECLARATION OF GARTH T. ASHPAUGH
IN SUPPORT OF
OPPOSITION OF THE CITY OF LOS ANGELES, CALIFORNIA
TO ADELPHIA'S APPEAL OF LOCAL RATE ORDER**

I, Garth T. Ashpaugh, declare as follows:

1. I submit this declaration in support of the Opposition ("Opposition") submitted by the City of Los Angeles (the "City") in the above-captioned matter. I am fully competent to testify to the facts set forth herein, and if called as a witness, I would testify to them.

2. I have served as President and Member of Ashpaugh & Sculco, CPAs, PLC, ("A&S") since December 1999. I am licensed as a Certified Public Accountant in the States of Florida and Missouri. I previously served as an Audit Supervisor for the Missouri Public Service Commission. I earned my Bachelor of Science in Business Administration from the University of Missouri in 1977.

3. I have over twenty years of experience in cable and utility rate regulation matters. Since 1992, I have worked with over 200 cities and counties in cable-related matters. I have performed financial analyses and audits of cable operator rate and equipment filings, renewal

proposals, and transfer applications in Arizona, California, Florida, Kentucky, Maryland, Michigan, Minnesota, New Mexico, New York, Ohio, Pennsylvania, Tennessee, Texas, Virginia, Wisconsin and Wyoming. I have also assisted clients in evaluating mergers and purchases including Kansas City Power and Light and UtiliCorp, Baltimore Gas and Electric Company and Potomac Electric Power Company, SBC Media and Prime Communications, Prime Communications and Comcast, AT&T Communications and Tele-Communications Inc., and AT&T Broadband and Comcast Communications.

4. I have performed reviews of cable programming rate and equipment filings for numerous communities since 1993, including Detroit, Michigan; Tallahassee, Florida; Arlington County, Virginia; Salisbury, Maryland; Montgomery County, Maryland; and Albuquerque, New Mexico.

5. I have reviewed the City's Opposition and am familiar with the contents thereof and the matters referred to therein insofar as they relate to the analysis carried out and reports produced by A&S.

6. I am not aware of any facts that would require a change in the results arrived at in the A&S analysis of Adelphia's 2002 Rate Filings with the City, as those results are set forth in the documents referred to in the Opposition.

7. I declare under penalty of perjury that the facts contained within the Opposition insofar as they relate to the analysis carried out and reports produced by A&S, and the facts stated herein, are true and correct to the best of my knowledge and belief.

This declaration was executed on July 8, 2003, at Winter Park, Florida.

March 21, 2003

REF: OPP-182-03

Mr. Thomas M. Wilson
Staff Attorney
Adelphia Communications
1 North Main Street
Coudersport, PA 16915-1141

Re: AREA C (EAST SAN FERNANDO VALLEY) / 2002 FORM 1240 AND 1205

Dear Mr. Wilson:

This letter is in response to the failure of Adelphia Communications (Adelphia) to provide timely certified information regarding the rate increase in Area C. The City must respond within one year to challenge a rate increase, in this case by March 29, 2003 for Area C. Although Information Technology Agency (ITA), with assistance from the City Attorney's Office and outside consultants, has worked diligently to review the rate increase, we will be unable to respond by March 29, 2003 since Adelphia has not provided the necessary financial information in a certified form as required by law.

In a letter dated February 27, 2003, ITA specifically requested that Adelphia swear to the accuracy and reliability of the information used to complete forms 1240 and 1205, as well as the accuracy and reliability of the information contained in the forms. Adelphia's response, dated March 11, 2003, stated that:

Adelphia is not in a position to reply to this request in such short order. The new management has simply not had sufficient time to review these filings and the supporting data to make a determination, one way or another. As well, we are unable to predict with any certainty when Adelphia would be in a position to definitively respond to this request.

This extraordinary response, more than 11 months after filing the requested rates with the City, means that the City can not rely on the accuracy or the integrity of Adelphia's financial filings. This lack of certified information, if it persists, will force the City to look to other information to determine the appropriateness of the proposed rates.

Mr. Thomas M. Wilson
March 21, 2003
Page 2

Accordingly, the City contacted the Federal Communications Commission (FCC) to seek its approval of the new date by which to complete its review of Adelphia's rate increase. The City is now in receipt of the FCC order of March 20, 2003, permitting the City to review Adelphia's rate filing, including the ordering of any rate refunds, until June 1, 2003. As you are aware, the City sought such an order from the FCC due to Adelphia's failure to provide the City with the certified financial information required by federal and local law. The City has taken such action to avoid placing Adelphia's subscribers in the City at risk. The FCC's approval of the June 1, 2003 date for final City action will assure that the City can order appropriate rate refunds back to March 29, 2002, the actual date Adelphia first filed the requested rate approval.

This letter is to alert Adelphia that the City will not tolerate further delays. If Adelphia has not provided the City with the required financial data and certified its accuracy by April 15, 2003 as promised, the City will issue a rate order on June 1, 2003 based on the best available information.

ITA staff is available when Adelphia provides the necessary information. In addition, ITA staff is sending a separate letter detailing to you again what is required to have complete information from Adelphia upon which ITA can base a final rate order. Please be advised that ITA must have this certified financial information no later than April 15, 2003 to allow time to evaluate the information and for the City to act on a rate order by June 1, 2003. Additionally, in a phone conversation with ITA staff on Monday, March 17, 2003, Adelphia agreed to meet with ITA and arrange to provide necessary data prior to April 15, 2003. Please immediately advise ITA of the dates Adelphia representatives are available to meet with my staff to coordinate the receipt of the certified data.

ITA is disappointed in the amount of time Adelphia has taken to respond to our numerous requests for certified information to justify the rate filings of last year. ITA will not wait any longer than April 15, 2003 for the information Adelphia is required by law to provide the City. It is Adelphia's financial improprieties and inability to certify the truthfulness and accuracy of the financial records relied upon in preparation of 2002 forms 1240 and 1205 for Franchise Areas C that has created the delay for final City action and the need for the order of the FCC referred to above.

I trust that you will meet the deadlines outlined above, as promised.

Mr. Thomas M. Wilson

April 7, 2003

Information Technology Agency
City of Los Angeles
120 South San Pedro Street
Los Angeles, CA 90012

Dear Sir or Madam:

As you may know, on March 4, 2003 the U.S. Bankruptcy Court approved the appointment of a new management team for Adelphia. The new management team is currently reviewing all of the Company's product offerings. Since basic service, equipment and installation prices represent a material component of this analysis, Adelphia will be delaying its 2003 FCC Forms 1240 and 1205 until further notice.

We will continue to keep you informed of any new developments and will provide you with reasonable advance notice prior to submitting the 2003 filings.

Please feel free to contact me at (814) 274-6248 if you have any questions regarding this matter.

Sincerely,

Terry Sergi
Rate Regulation Supervisor

Subject: **Review of Adelphia's Additional Information**

Dear Rick:

The City of Los Angeles Information Technology Agency ("ITA") provided Ashpaugh & Sculco, CPAs, PLC ("A&S") a copy of the additional information that Adelphia provided by letter dated May 16, 2003 and date stamped by ITA May 20, 2003. This additional information provided some cost support for programming expenses included in Adelphia's 2002 filed FCC Forms 1240 for Franchise Areas C, F, G and H. In addition, A&S reviewed a May 22 letter from Andrew Elson to Thera Bradshaw which contained several specific criticisms of the A&S analysis. We have reviewed the cost support and the criticisms and provide the following comments.

First, the cost support conflicts with other information provided by Adelphia and information developed by A&S in our original review and analysis of the 2002 filings. For example, the cost support identifies channels on the Basic Tier that are not included in other sources of channel line-up information. The cost support also appears to identify several digital channels on the Basic Tier. In addition, the costs per channel shown in this support are materially different from the programming costs Adelphia included with the filing. For example, the filing shows the 4th quarter 2002 per subscriber cost per channel of: "Hallmark" to be \$0.0800 whereas the May 16 response indicates the cost is \$0.0053; "The Weather Channel" to be \$0.1036 as compared to \$0.0748; and, "USA" at \$0.4350 when the invoice cost purports to be \$0.3450.

As explained in our original report, we reviewed Adelphia's costs and then changed these costs to amounts known by A&S to be reasonable and customary. Based on the new information provided by Adelphia, we conclude that the data we relied upon is the best available information for setting rates. Nonetheless, for purposes of this letter, we updated our costs in our original report to reflect the costs provided by Adelphia in the May 16 package, insofar as that can be done given the internal inconsistencies in the Adelphia data. Since A&S was using different costs than filed by Adelphia, contrary to the suggestions in Mr. Elson's letter, updating our analysis had only a very small impact on our determined Maximum Permitted Rate – only about \$0.01. There continue to be discrepancies in the cost and channel line-up information and we see no reason to change our original report.

1133 Louisiana Avenue, Suite 106, Winter Park, FL 32789
Telephone: (407) 645-2020 Fax: (407) 645-4070
Email: ascpas@ascpas.com

Adelphia has also raised issues regarding the channel counts used in the A&S report. As indicated above, Adelphia's latest information continues to conflict with other sources of information on the Basic Tier channel line-up for the periods involved in the 2001 and 2002 FCC Forms 1240 filed with the City of Los Angeles. The City's initial request for additional information and support for the 2002 filing specifically requested information from Adelphia's head-end engineers regarding the channel line-up for the Basic Tier. This information still has not been provided. It has been our experience that when such discrepancies in the channel line-up occur, the head-end engineer information usually provides a reasonable basis to sort out the problems.

Again, A&S is not persuaded that our original report should be changed based upon the latest Adelphia response. There continues to be discrepancies between Adelphia's own documents on the Basic Tier channel line-up. A&S based our original report on the best available information and does not believe any information has been provided that alters our original analysis.

Finally, the May 22 letter seems to suggest that there is no relationship between the company's rate filings and its ongoing examination of the accuracy of its books and records. That is not correct. The City asked the company to certify the data in the company's rate filings; if there was no connection between the company's misstated books and records and the rate filings, this is something that the company should have been able to do quite easily. Indeed, the FCC forms *require* certification in order to be valid filings. The company could not certify the filings. Public reports of errors in Adelphia's books and records suggest that there could be several changes that would affect data entered on FCC rate forms.

After taking the new data and the May 22 arguments into account, we stand by our report. Please let us know if you need any further assistance in this matter. If you have any questions, please call me at (407) 645-2020.

Sincerely,

ASHPAUGH & SCULCO, CPAs, PLC
